Home Access Center

Access Request Form--SciTech

Home Access Center (HAC) allows parents and guardians to view important information about their student over the internet. This information includes registration information, attendance, progress reports, homework assignments and current grades in all classes. Parents may also send email directly to teachers through this application. Access to HAC is through the Harrisburg School District website, and requires a login name and a password. Please complete the form below and return it to the SciTech main office to request access to HAC.

Parent/Guardian Name: _____

Parent/Guardian email
(Needed to receive login information): _____

Parent/Guardian signature: _____

Student name: _____

Note: If you already have access, either through a student who is already at SciTech, or because you applied earlier, it is not necessary to submit this form. Questions about Home Access Center may be addressed to George Nagle, 717-703-1905. Internet access is required to use this application.
